

Long hot lazy summer

Wow what a summer we are having
Sun sun and more sun!!

I am pleased to say that we still have
flowers in the garden. Our beautiful
roses keep on giving and our planted
trugs are still in full bloom.

We are very grateful to our faithful
volunteers Sue & Dave Wilder for all
their help in the Garden. We have
also been lucky enough to have a
response from our Facebook page
from Paul who runs **Tidy my Garden**.
Paul & his team have offered to come
in and tidy up our edges, weed and
cut back one of the hedges.

This will make the views from our new
shaded seating areas even more
appealing for the members to enjoy.

If you have a spare hour now and
again and fancy helping in our
garden, we would love to hear from
you. Whether you like to potter
around or have serious green fingers
join our team of garden volunteers.

We will supply the tea and cake !!

Please call Elaine on 01189787025
for more information.

Meet Forbes:

Forbes started attending Wade back in April. Forbes is originally from Glasgow and moved down this way when his mother & father came down as Club Master and Club Mistress to run West Kent Golf Course. Forbes was just 15 but he used to do the cooking at the club.

Forbes used to love a game of golf and would get up at 6am to play a round six days a week before he started work. Forbes played off a handicap of 2 and his pet hate was anyone who beat him with a handicap of 24.

Forbes still likes to watch golf on the television and really enjoys watching the Masters as it is a beautiful course but according to Forbes the best courses are in bonnie Scotland.

Forbes enjoys his time at Wade and has recently increased his visits to 4 times a week. He says the staff are all great, and the food isn't bad either.

I asked Forbes if he has any ideas or thing he would like to do at wade. Watch this space for our new Pitch & Putt in the garden.

National Watermelon Day 3rd August

Who knew!! Yes, this really is a thing. Watermelon is rich in vitamins A, C, and B6, and it's a great source of hydration due to its high-water content.

We have certainly been enjoying watermelon as our morning snack in this heat.

Fun Facts

True to its name a watermelon is 90% water.

Watermelons originate from Africa.

The record for seed spitting is 75ft and 2 inches. The record was set in 1995 in Texas.

The heaviest watermelon weighs 159 kg (350.5 lb) and was grown by Chris Kent (USA) of Sevierville, Tennessee, USA, as verified on 4 October 2013.

WADE DAY CARE CENTRE REGISTERED CHARITY 1178397

We know our members all have their favourite meals but Please note that the menu is subject to change especially on hotter days .

Apologies and a correction from last months edition. Above is Sue English being presented with a cheque for £750 and not £700 as stated in our July Newsletter. On behalf of the Trustees, Staff and all our members thank you to Wokingham Lions for this very kind and generous gesture.

Where do our staff like to holiday?

Charlotte Pembrokeshire – Best Beaches & no people. Don't tell anyone.

Julie Somerset – Quaint villages, the best afternoon teas and you can take your dog.

Mandy Lanzarote – loves the volcanic beaches.

Stuart Merida – loved the cable car but too scared to come down in the sledge

Babs Barbados – special memories my daughter got married there.

Rachel - Anywhere hot but not France.

Elaine - All of the above including France
